## Declaration of Contamination

*To comply with legislative obligations to protect our staff and facilities, we need you to fill in and sign the following Declaration of Contamination before we can start working on your order. Remember to include the declaration in the shipping documents, or ideally, attached to the outside of the packaging. A Declaration must be filled out for each piece of equipment if there is different possible contamination.*

♦KGSS reserves the right to refuse acceptance of equipment submitted for repair or maintenance work where the declaration has been omitted or has not been fully or correctly completed.

♦KGSS reserves the right to refuse servicing any equipment that could potentially be harmful to the personnel carrying out the repair and service of the equipment.

♦Client must supply an MSDS for the contaminant if requested by KGSS.

♦KGSS reserves the right to refuse servicing any equipment that might contaminate its calibration equipment.

Company Name

Describe the environment the equipment was used and possible contaminants:

#	Trade name of Product	Chemical Name
1		
2		
3		
4		

### Units Information

#	Model Number	Serial Number	Contamination Description
1			
2			
3			
4			
5			

Details

## Legally Binding Declaration

I hereby declare that the information supplied on this form is complete and accurate. The dispatch of equipment will be in accordance with the appropriate regulations covering Packaging, Transportation and Labeling of Dangerous Goods (if applicable).
